Hello,

I am an eighth grader who would love to go to ECA for all 4 years of high school. I think that it is a horrible idea to close the school. It is a great place for kids like me to go and express themselves and further their education in whatever artistic field that they are interested in. I am sure that there is a way that you can figure out all of the issues related to why the school might close. Please reconsider your decision for all of the students and teachers there!

thanks for listening,  
Olivia
